HAIR REMOVAL ELECTROLYSIS

A fine electrical conductor is directed into the pore or follicle to the hair root. An electrical current is then applied to destroy the point of hair growth so as not to blemish the surface of the skin. The formerly rooted hair is then easily removed and then the next hair or follicle is found and the process is repeated. Regular treatments are essential in order to eventually treat and destroy each hair.

20 Minute Session \$13 • 50 Minute Session \$20

MISSION STATEMENT

“To provide superior standards of education, shaping the Beauty and Wellness Industry by empowering confident and innovative future professionals for successful careers.”

ARRIVAL

Please arrive 10-15 minutes prior to your appointment. Late arrivals may result in a shorter treatment time or rescheduling of service.

SPA & SALON ETIQUETTE

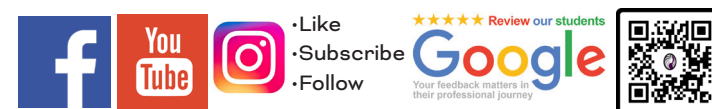

Please speak softly throughout the spa and turn off your cellphone and any electronic devices. As a courtesy to other guests and for your relaxation, we ask that you do not bring children under the age of 12 into the Spa Area or onto the Salon Floor unless they are receiving a service. Please leave infants and young children at home.

CONTRAINDICATION

If you have any medical conditions, are pregnant or nursing, have allergies or are using acne medication, please let us know so that we can assist you in selecting the correct treatment.

CANCELLATIONS

A 24 hour advance notice is appreciated.
Services requiring deposits must be canceled 24 hours prior to receive refund. Parties of 6 or more may require a deposit.
